

Best Services

Specialized Plumbing for your Specific Needs

Best Plumbing Specialties, Inc. is a family-owned business focused on plumbing, repair parts, and maintenance items. They have been in business for 59 years as a provider of internal repair plumbing parts and maintenance products as well as plumbing specialties such as: plumbing brass, plumbing fixtures and parts, plumbing trim, rubber goods, valves, and vacuum breakers. **Best** specializes in rare and obsolete plumbing repair parts through more than 200 suppliers. Using local account managers nationwide, **Best** provides personalized service, inventory control options, new monthly items, and customized-kit box assortments.

The company motto, as stated by Jessica Torzillo, a contracts marketing assistant for **Best**, is “Providing repair parts to commercial facilities since 1962.” Throughout the years, **Best** has kept their core principles of intimate customer care while developing

long term business relationships with their clients. Torzillo adds, "There are no limits with **Best**. If you can't find it, we can help you!" With a CP contract 17/052CG-04 awarded for national coverage, Choice Partners has provided the company with a greater reach to potential customers. There are four components to the foundation of **Best's** business plan: time, money, constant improvement, and trust.

- **Time** is a valuable resource to everyone. Using customer-provided photos of a needed plumbing part, **Best** does the research and locates the part, including the item number, so skilled workers do not have to spend their time searching.
- A client's **money** is guarded with **Best's** innovative inventory control solutions that improve workflow and organization while reducing inventory loss. By providing clients with the best solution to stockroom needs, less time is spent by customers searching for parts.
- **Constant improvement** offers the opportunity to introduce exciting new items that are hand-picked to bring you the latest industry standards.
- **Trust:** With more than 50 sales representatives, **Best** goes the extra mile to provide personalized service to every individual. Each representative ensures customized catalogs, no-charge stockroom conversions and quick response times.

Choice Partners at TML

Early October in Houston, TX, the **Texas Municipal League** (TML) held its annual conference. Since its inception in 1913, TML has served the cities of Texas “to render services which individual cities have neither the time, money, nor strength to do alone” according to its constitution. Approximately 2,200 attendees visited the conference from all over the state and met with more than 350 exhibitors that provided services and goods. CP was thrilled to meet with several members in-person. Frank Rios Jr., a finance director, was one such CP member who represented the city of La Feria, TX. Rios was the winner of our giveaway drawing. The warehouse and purchasing staff of Cuero led by Rhonda Stastny showed off the camouflage caps from CP.
