HCDE OVERVIEW

Harris County Department of Education (HCDE) is a unique educational hybrid serving school districts, governmental entities and nonprofits in the third largest county in the country. HCDE also provides services to dozens of governmental agencies and nonprofits.

HCDE turns every \$1 of property taxes into nearly \$5 in services. By leveraging property tax dollars through fees for service and grant funds, HCDE has become a model of fiscal efficiency and has won numerous financial accounting awards in Texas and around the country.

Job Order Contracting

When you need to make a Choice,
make the Right Choice...

Objectives

Why JOC?

Maintenance vs. Construction

Concepts including Trade JOC & Quoting vs. Bidding

How to Legally Use Your New CP Contract

Why Does Legal Compliance Matter?

- Different procurement rules apply
 - Contracts not properly procured can be voided or unenforceable
 - Officials and officers who violate procurement statutes can be subject to criminal penalties
- Public works contracts may trigger bonding and prevailing wage requirements
- Legal mistakes can:
 - DELAY projects
 - Jeopardize budgets and result in cost-overruns
 - Subject gov't entity to financial liability to vendors & subcontractors

JOC/IDIQ – Why Job Order Contracting (JOC)

- “Time ~~X~~ Materials”

If providing “construction services”

- Only method allowed to select contractors for future, undefined projects

[Texas Education Code 44.031](#) (a)1-8

JOC/IDIQ – What is JOC/IDIQ Contracting

“A procurement method used for maintenance, repair, alteration, renovation remediation, or minor construction” of facilities “when the work is of a recurring nature but the delivery times, types, and quantities of work required are indefinite.”

TEX. GOV'T CODE § 2269.401

JOC/IDIQ – Maintenance VS. Construction

Factors to Consider

- “Like for like” – NOT new or upgraded
- Scale and complexity of project
- Physical size of object being worked on

JOC contract
(TGC 2269)

Maintenance Contract
(TEC 44.031)

WIN, WIN, WIN

JOC's procured by Purchasing Cooperatives

- Gov't Entity selects vendor without having to use its own competitive procurement process
- ONLY satisfies the *procurement* requirement, NOT the *contracting* requirement
- Statute **requires** a **written and signed** job order between the **vendor** **and the Gov't** Entity **TGC 2269.410(a)**
- Only construction method that allows for use of a cooperative in lieu of self-procurement
- Only method allowed to select contractors for future, undefined projects or tasks

JOC/IDIQ – What’s an IDIQ/JOC Estimate?

- MUST contain:
 - CP Contract Number
 - Line item assessment based on Unit Price Book (UPB)
 - Localized by applying City Cost Index (CCI)
 - Legally bid coefficient
- Subcontractor pricing must be estimated using the UPB for ALL scope of work

JOC/IDIQ – Final Thoughts

- Establish the procurement method with your client **PRIOR** to quoting the job
- **CP contract number** – put on **BOTH** - **Quote** & **P.O.**
- CP needs to receive:
 - (1) confirming copy of each PO issued
